Chehalis, Washington 98532

Dear, Susan,

As per our discussion on parcels 17570-1 and 175565-1, the 15.89 acres not being farmed is unusable for farming due to terrain access (trees and shrubs) and flooding from the pond and creek during rainy season. I have left these areas in a natural state with the exception of a perimeter pathway (cutting the grass and brush approx 4' wide with field mower) to pond and the southern part of the property for neighbors and local residents in the area to have easier access to fish in the pond and in the river.

All existing brush along the river is not disturbed to maintain good ground cover and minimize any potential erosion along banks.

Thank you,
